### Air Raid Drill Bogs Down During South End Review

C. D. Council Studies  
Needed Reorganization  
TEST CONCLUDES SERIES

Winding up a three week series of air raid drills in the Daly City-Colma area, Thursday night, with a test for South end sectors, the local Civilian Defense Council was convinced, this week, of the need for organization of civilian protection in unincorporated Colma.

Eight bombing incidents were scheduled for sectors in the south end, Thursday, but only about half of them were reported to the control center in the city hall. Traffic flares, placed at bombing sites, burned out before they were ever found by air raid wardens, proving the extreme shortage of volunteers in the unincorporated area, according to Director Arthur J. Bodien.

Incidents which were completed, however, were carried out satisfactorily, considering the number of volunteers, Bodien said.

Declaring that some form of "re-organization" is needed there, Bodien favors a campaign by Daly City civilian defense leaders to further South end defense preparations and recruit more volunteers.

"It is just as likely that bombs will fall there as any place if our shores are attacked," Bodien said, "so there is just as much need for civilian defense in Colma as any place else."

Apparently, the main difficulty in organizing civilian defense in the South end is in what group will do the organizing, the Daly City council or the San Mateo County Defense Council. At the outset of the war, many volunteers dropped out of civilian defense.

### Paging All Patriotic Daly City Residents—

"The time has come, the walrus said,

To talk of many things,  
Of Shoes and Ships and sealing wax,

And cabbages and kings!"

The time has also come to talk of tables and chairs and books and lamps. Daly City made a brave beginning of helping to equip a recreation center for soldiers stationed near this community, but the contributions fell far short of being adequate.

Patriotic local residents who would like to give equipment to furnish this center (so badly needed since Daly City lacks a USO or public recreation center) may leave their names and addresses with the Daly City Record, Randolph 3215. The men, under the direction of Lieutenant G. R. Atkinson, will call for the materials you wish to donate.

What's needed? Well, just anything that would help furnish a recreation center... tables, chairs, desks, rugs, lamps, books, etc.

### Officers Review Company B Drill

Company B, Daly City's military unit of the California State Militia, held their regular drill, Sunday morning at Marchbank park, before commanding officers from headquarters of the Seventeenth regiment. A number of local residents also saw the practice.

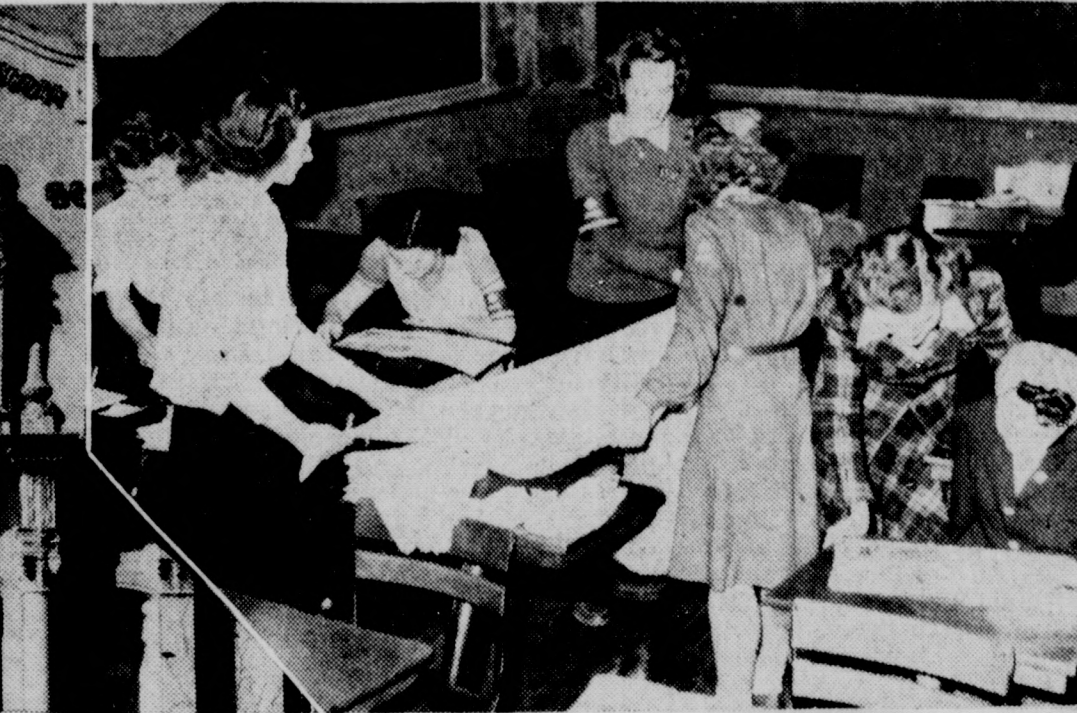

Captain Jack Jackson, battalion commander of the Seventeenth regiment was present at the drill with Lieutenant Derby and other ranking officers from the San Francisco headquarters.

Rifle drill and sighting practice were maneuvered by the Daly City volunteers. Two squads of twelve men each held marching drills. The weekly drill for Company B is held every Sunday morning at 10 a. m.

### JEFFERSON UNION HIGH SCHOOL GOES TO WAR

Jefferson Union high school, guided by the foresight of Principal James Ferguson, is a leader in war-time activities.

Pictured above are several members of the Junior A. W. V. S., hard at work making triangle bandages, counting War Bond and Stamp receipts, making a War scrapbook—typical enterprises for this active service group of girls. Young women who have already earned their uniforms for 30 hours of service include Wilma Cassasa, Anna Crossland, Alice Crossland, Myrna Parks, Ruth Higgins, Dot Nelson, Ruth Basso, and Virginia Adams. Faculty sponsor is Miss Edna Smith. She is assisted by Miss Mary Berquist.

In the lower photo may be seen five of Jeff's young men, doggedly plowing around the high school's famous obstacle course. This course real-

ly toughens the boys up for coming military service. For details read the story on this obstacle course, page 1.

Another organization actively furthering Jeff's participation in the various war activities is the Junior Red Cross, to which both girls and boys belong. Mrs. Dorothy Pendergast is sponsor.

Jefferson has regular air raid drills, is equipped to fend for itself in the event of a raid. First aid, life saving, a brush-up mathematics course all indicate war-mindedness. In addition, the high school grows its own Victory garden, has made stretchers for civilian defense use, and has equipped a casualty station.

### You Better Beware "The Ides Of March"

"Beware the Ides of March" could well be directed at you—if you haven't started plans to get your income tax report for 1942 filed correctly and on time.

In spite of the fact that during the last two years the Internal Revenue bureau has increased its personnel, they will undoubtedly be rushed and crowded as March 15 approaches, by the great influx.

### Reardon Cautions Public On Checks

With hundreds of thousands of federal government checks now in circulation, Police Chief James G. Reardon, cooperating with the Secret Service bureau of the Treasury department, today warned Daly City merchants to insist on positive identification before cashing checks.

He also cautioned recipients of all kinds of checks to maintain a strong, safe, locked mail box when they receive checks by mail; to have their names plainly printed on their mail box; to notify the post office department in case they change their address; and to receive their checks from the mail carrier personally whenever possible.

These instructions of warning are part of an extensive campaign by the Secret Service to combat the activities of check thieves and forgers. It is anticipated that with the issuance of the large number of federal allotment checks to the dependents of men in the armed forces, many of them, if not properly safeguarded, will be stolen and forged.

### Nine Local Lads Off For Army Duty

Nine young men from Daly City and Colma, with 36 other draftees from Daly City Draft Board No. 103, left, Monday, for the Monterey presidio and duty with the United States Army, while two other local selectees in the same induction group were ordered to Marine corps and Navy duty.

The call was the first from the local board in which the new selective service plan for recruiting men for all services was used. On a monthly quota basis, men are selected for duty in the Marine corps, Coast Guard, and Navy, as well as the Army. The two from Daly City selected in this week's call are Tom Doyle, 1076 Brunswick street, who was accepted by the Marine corps, and Thomas Rancatore, 99 Evergreen avenue, selected by the Navy.

Doyle leaves today for the Marine base in San Diego, and has been on the active duty list for ten days. Rancatore is awaiting call from the Navy, according to the local draft board.

The nine local army draftees completed their seven day pre-duty furlough, Monday, having passed their physical examinations, last week. They are: Orlando Manuel Poletti, Colma; Charles Phillip Brush, 543 San Diego avenue, Daly City; Paul Anthony Gardella, 98 Crocker avenue; Jonathan Handy Cosbie jr., 510 Bellevue avenue; Charles Michael Allen, 66 Parkview avenue; Ben Leveroni, Colma; Albert John Andrenov, Colma; Bruce McLean Davis, 454 Winchester street; and George Eugene Wallace, 683 Templeton avenue.

### Chronicle Sports Writer Praises Obstacle Course

With their new obstacle course as the subject, Jefferson Union high school and Principal James Ferguson were once again highly praised in the Sunday sports pages of the San Francisco Chronicle, for maintaining their record as the perfect example of an ideal athletic plant.

George F. Lineer, Chronicle writer who hailed Jefferson's

### Dimout Violators Still Too Numerous

Motorists driving through Daly City's zone of restricted lighting with bright lights aglow continued to be plentiful, this week, and tags for dimout violations are being issued by the Daly City Police department at a one hundred-per-week clip.

More adequate means of street and highway warning for the dimout area is now being sought, as Police Chief James G. Reardon declared present dimout signs to be inadequate. The four foot illuminated X-signs placed at both ends of the city helped some, but not enough, according to Reardon.

One type of warning signal for night motorists used by San Francisco authorities at some points, the blue painted globe on the street light, looked like a probable solution to the problem. The blue light is used at Goethe and DeLong streets, just over the county line. Before any could be installed here, however, approval must be granted by the city council in the Daly City area and by San Mateo county authorities in the unincorporated sectors which are restricted.

### Schools To Serve As Registration Sites In Daly City

Signup Will Continue  
Until Noon Saturday

GET DECLARATION FORM

Over twelve thousand copies of War Ration Book Two will be issued to Daly City persons, next week, at three local grammar schools, as a part of the nationwide distribution ordered by the Office of Price Administration.

Distribution of the books will begin at 9 a. m. Monday morning, February 22, at the three schools, and will continue every day next week from 9 a. m. to 7 p. m. until Saturday, February 27 at 12 noon, it was announced today by R. L. Crane jr., district superintendent. The three schools are: Crocker school, 649 Bellevue avenue; Woodrow Wilson primary, 43 Miriam street; and Jefferson school, 14 Alemany street. Crane urged that every applicant go to the school nearest his address. No classes will meet during the week-long distribution, and the registration and distribution will close at 12 noon sharp on Saturday.

At least one member of every family in Daly City must apply for the books for the whole family. The ration books will be used, beginning March 1 for the point rationing of over two hundred different canned foods and all future rationed goods designated by the OPA.

Registering the consumers and distributing books in Daly City will be 102 registrars, 42 of whom are teachers in the Jefferson Elementary School district. The other sixty registrars are volunteer workers who have helped with previous rationing registrations.

Mrs. C. F. Day, executive secretary of the War Price and Rationing Board in South San Francisco.

### Schools, Banks, City Offices Closed Feb. 22

The birthday of George Washington, "Father of Our Country," will be observed in Daly City, as throughout the nation, Monday, February 22. Local banks, schools, and city departments (with the exception of the police) will be closed.

The Daly City council, which regularly meets the fourth Monday, will postpone their session until Tuesday evening, February 23, according to B. C. Ross, city clerk.

Registrants for Ration Book Two were reminded that the holiday will have no effect as far as the opening day of signup, February 22, is concerned. Holiday or no holiday, the rationing book distribution will get under way.

### VICTORY BOOKS

Don't forget—the 1943 Victory Book Campaign closes March 5. Be sure your contributions are turned in to the Daly City library, 6351 Mission street, before that.

### Name Three Judges For Essay Contest

Judges for the annual V. F. W. Auxiliary essay contest were announced, today, by Mrs. Walter J. Lehigh, contest chairman for Old Glory Auxiliary No. 2044. They include Arthur J. Bodien, head of Daly City's Civilian Defense council; Howard McHugh, commander of Old Glory Post No. 2044, V. F. W.; and Walter J. Lehigh, in charge of patriotic instruction for the local post.

The Daly City division of the national essay contest closes midnight, February 22, and the judges are expected to make their decision, February 23. Old Glory auxiliary has announced three prizes in the local competition, which is open to high school students.

First award will be a bronze medal and \$3 worth of War

Stamps; second prize is a bronze medal and \$2 worth of War stamps; third prize is a bronze medal and \$1 worth of War stamps. In addition, The Daly City Record, co-sponsor of the local elimination contest, will give the first place winner a one-year subscription to the newspaper and publish his essay.

Essays winning first honors in the local contest will be transmitted to the Department of California. If they should win in the state-wide contest, they will be entered in the national division. First prize in the national contest is \$1,000 cash and a gold medal.

Topic of this year's essays is "United We Win." Compositions must be between 500 and 1,000 words in length and entries will be judged on literary construction, interpretative views and patriotic inspiration. Details of manuscript preparation have been posted at the high school and announced in English classes.

Annually since 1936, countless thousands of high school students have gained an invaluable understanding of the principles of Americanism as a result of the nation-wide essay contest sponsored by the Ladies Auxiliary to the Veterans of Foreign Wars of the U. S.

## Firemen's Banquet

A crowd of 101 members and guests of the Daly City Veteran Firemen's association attended the Seventeenth Annual Banquet recently at the Colma Italian Cafe, 7379 Mission street.

Besides all the officers and members present, the association invited the board of councilmen, heads of all city departments, and fifteen dignitaries from the San Francisco Veteran Firemen's association. The annual event on the association calendar is a stag banquet.

Informal addresses were the order of the evening on the request of Fire Chief A. P. Chesney, toastmaster of the banquet. President J. E. Kester opened the meeting and introduced Chief Chesney as the toastmaster.

Honored at the banquet was Past President J. F. Fields when he was presented with his official past president's badge. Comrade Fields served the association as executive throughout the 1942 term. The presentation was made by Mayor A. J. Gaggero.

Gus Ford, secretary of the association, was in charge of planning the banquet.

## VACATION

Grammar school pupils of the Jefferson Elementary School district will have one week's vacation when they finish classes, tomorrow afternoon.

All grammar schools in the district will be closed every day next week because of the registration of consumers for War Ration Book Two, R. L. Crane, district superintendent, announced today. Schools will re-open on Monday, March 1.

cinsco, urged every consumer to get ration books at the schools or be faced with delay in being able to get them at the rationing board later.

Here are two requirements of everyone registering:

1. War Ration Book One for every member of the family must be brought by the member registering for the unit.

2. Fill in but do not sign the consumer declaration sheet before coming to the school registration site. This form can be clipped from page five of this issue of the Record. It is to show the excess amount of the following rationed foods: commercially packed fruits, vegetables, juices, soups, chili sauce and catsup in cans, bottles or jars weighing eight ounces or more. The allowable amount is five cans per person, and all over this amount is to be declared.

Although dried fruit will be rationed, it is not included on the declaration. However, the form also requires the amount of coffee on hand as of November 28, when coffee rationing went into effect, less one pound per person whose age was listed as 14 or over on War Ration Book One. Only one consumer declaration is to be turned in for each family group.

Three points about the basis of misunderstanding were made clear: 1. No excess foods will have to be turned in. 2. No more than half of the stamps for each period will be removed from each War Ration Book Two, regardless of the amount listed on the declaration form. 3. Except for the removal of stamps, there is no penalty involved for excess stocks. However, any false declaration of rationed goods on hand will be punishable by a fine of \$10,000 or ten years in prison.

"We cannot brand all persons with excess stocks of goods as hoarders," OPA officials said, "since many homemakers have been accustomed to buying in quantity. However, these peacetime shopping habits do not fit into wartime customs, and they will be corrected by the rationing of commercially canned goods."

Commenting on the big job ahead of teachers and volunteers next week, Crane said:

"We are going to try to do this job as quickly and efficiently as humanly possible. It is a big order, but we can do it with cooperation from everyone."

"I wish to give a word of praise to these volunteers who are helping us. It is certainly gratifying in these days to have persons who are willing to donate their time and efforts to helping their nation with these war jobs."

## THE MINOR HAS MAJOR PLANS

GINGER ROGERS, temporarily disguised as a twelve-year-old for purposes of plot in Paramount's "The Major and the Minor," which comes tonight to the Daly City theatre, moves in on "Major" Milland's tepid romance with Rita Johnson. Rita doesn't know why she dislikes the little girl—but it isn't long before she finds out. The comedy, one of the funniest ever filmed, also features Robert Benchley, Diana Lynn and Ginger's own mother, Lela Rogers.

## Emydian Institute Whist Tomorrow Night

Next social gathering of the local institute is scheduled for Friday evening, February 26. New members will be initiated at this time.

Miss Gussie Kohler, Miss Norma Bertetta, Miss Myrtle Lagomarsino, Mrs. Elsie Belli and Mrs. Elenor Gaggero will be honored guests of the evening. This is their February birthday celebration.

Those in charge are the members of the get-together committee: Miss Clara Corradetti, Mrs. Raye Grondona, Miss Mae Varni, Miss Rena Guisti and Miss Gladys Assalino.

## Jeff Cagers Will Play San Mateo

Jefferson high cagers will wind up their basketball season and the Peninsula Athletic league, tomorrow afternoon at 3:15 p. m., against San Mateo high school on the local gymnasium floor.

The local varsity five were drubbed, last week, by the powerful, first place San Jose high school team by a score of 33 to 16, but the whole game was lost in the second half, as far as Jefferson was concerned. Starting out in great style, the Jeffs led at halftime, 10 to 9. However, in the second half, the Indian defense went to pieces while San Jose began to find their eye. Jefferson was held to 6 points scoring in the last half.

## County Receives Share Of 1942 Gas Tax Funds

State Controller Harry B. Riley, this week, apportioned \$72,247.78 to San Mateo county as part of a \$13,204,526 apportionment of gasoline tax funds for the fourth quarter of 1942. The apportionment represented a 14.55 per cent decrease in gas tax revenue compared with the corresponding period of 1941, Riley said.

This county's apportionment was based on a motor vehicle registration of 50,284.

State Controller Riley distributed \$4,401,509, one-third of the apportionment, to the counties and deposited the balance of \$8,803,017 in the State Highway Fund.

Many families are failing to turn in ration books of sons and daughters who have entered the services, the Office of Price Administration reported.

According to the OPA ruling, ration books are to be returned to the holder's local War Price and Rationing board as soon as he enters any branch of the armed forces.

The OPA also called attention to the ruling that ration books of deceased persons should be returned to the local War Price and Rationing boards.

## NATION'S PRESS

Last week the House of Representatives was asked to authorize an investigation of the War Production Board's regulation curbing the use of printing paper. Such a curb was pointed to as a "threat to the press of the nation," which might cut back production to a level that would make it unsound for newspapers to continue in business.

In these months of war, the people of America have come to understand their heritage and its dependence upon the practice of the democratic freedoms. They know their need of a free press, and have found it playing the part of guide, philosopher, and friend in very real ways. Perhaps some used to read only a headline or two. Now, in order to keep abreast of the newly arising problems of each day, they must read stories of the home front as well as of the fighting fronts, must watch for specific dates, for advices from the various War Boards.

Newspaper advertising also "went to war" this year, serving not only the purposes of its firms, but of Uncle Sam, instructing and advising on the intricacies of civilian wartime economy. The trucking industry recently announced its intentions to expand its public relations activities in 1943 through the media of newspapers. The swiftly moving events of war dictated the policy of this industry, since the press is the quickest means of informing the public of the unthinkable consequences of transportation breakdowns or undue restrictions.

Uncle Sam's business has become everybody's business. We realize as never before how closely interwoven are the affairs of business, industry, agriculture, and legislation, with the life of the nation. We know that winning the war means maintaining the freedoms of that life. We know that a strong hold on the freedoms of democracy is our American free press. We want to keep it healthily alive.

## FLETCHER TO SPEAK OVER STATION KQW

Leon Fletcher, Daly City student at San Jose State college, will soon be heard over station KQW in a new series of radio programs sponsored by the school.

A senior this year, Fletcher will graduate in June, and will then begin active duty with the Navy. He has already been sworn in, along with seven classmates in the radio department of the school. Fletcher is studying radio, enrolled as a speech major. He is a member of KSJS, college radio speaking society.

Fletcher is the son of Mr. and Mrs. R. E. Fletcher, 6073 Mission street. Before attending college, he was schooled at General Per-

shing grammar school and Jefferson Union high school. Following graduation from Jefferson, he attended San Mateo junior college for two years before transferring to San Jose State.

## VALENTINE HURT

Harvey Valentine, 156 Werner avenue, suffered minor bruises when he fell from the rear platform of a southbound street car on Mission street, early Sunday morning.

His Needs  
Come First!

For years, Americans have been the world's most active telephone users. To maintain and steadily enlarge the Nation's network of Long Distance lines calls for huge amounts of metals and other materials.

Now those materials have gone to war. For "the duration," the telephone network must get along with about what it has. The soldier with his portable telephone in Africa, the marine with his rifle in the Solomons, the pilot over the Aleutians, need copper, steel and other things—need them more than their fellow-Americans do at home.

Because more telephone lines cannot be built at this time, we make this request:

To the places that are busy with war work, please make only Long Distance calls that are vital.

For your understanding and continued aid—our thanks!

Fisher reports that he is really having to work hard for his "bars."

## Melvin Hanson

"We may have our little rain and fog in good old Daly City, but even at that it is better than weather in Rhode Island," wrote Melvin G. Hanson in a letter to the publisher, last week.

Hanson, a popular scout leader in this community for a number of years, is now stationed at the Naval Construction Training center, Davisville, Rhode Island. He has just been appointed assistant director of First Aid instruction under military training at the base.

"I sure enjoy my job. As you know I had been teaching first aid to civilian defense classes in Daly City and San Francisco before I joined the Navy, so that made this job come easy," Hanson said.

Hanson reports that in several recent instances first aid training has been directly responsible for saving the lives of sailors and strongly urges that every person should take the training, whether civilian or service man.

plant as the best he had seen in any high school when he covered a swimming meet here several months ago, had more praise for the high school's new obstacle course. The course was built by the high school boys themselves, and they were given due credit by Lineer, consisting of a full page spread of action pictures taken on the course, plus a glowing account of what the course is like.

Acclaimed as the best wartime training project in 65 high schools in the Bay area, the Jefferson obstacle course is a replica of the one at Naval-Preflight at St. Mary's college. It consists of horizontal bars, bomb craters, jungle brush, water hazards, and many other obstacles. Here is how the course runs:

The contestant begins with going over seven foot horizontal bars, then has to go through a board trough, which is six feet wide. Jumping into a bomb crater and climbing out of it is next, followed by three foot hurdles. An eight foot wall must be scaled, then the contestant goes over the parallel bars hand over hand. He continues through a maze of wooden standards, then swings over a water hazard via Tarzan ropes. Jungle brush is next, followed by a sand trap, a twelve foot wall via ropes, a bear trap, and a 20 foot catwalk. Then he approaches another sand trap more hurdles, a maze of tree stumps, and finishes where he started at the horizontal bars.

Thousands See  
Geary's "Outlaw"  
Million Dollar Film  
Now In Second Week

Howard Hughes' production of "The Outlaw" has entered its second week with every sign indicating that the fantastic business which marked the opening week will continue. More than 19,000 persons saw the million-dollar production during its first week at the Geary theatre, thus establishing a record never before enjoyed by any motion picture.

The production, which has precipitated one of the widest controversies in the history of the film industry, introduces Hughes' two new stars, Jane Russell and Jack Buetel, who were selected from thousands of other unknowns to portray the leading roles in the picture, which was personally produced and directed by Hughes.

"The Outlaw" marks the return of Hughes to motion picture ranks after an absence of eleven years. It was that long ago he produced and directed "Hell's Angels," which introduced Jean Harlow. The only other controversy to equal the wide discussion which is attendant upon the showing of "The Outlaw" was that of "Hell's Angels" which, although made eleven years ago, is still running throughout the country.

Jean Russell and Buetel head a cast which includes Thomas Mitchell and Walter Huston.

CALIFORNIA  
WOMEN  
on the Farm

Heroines! Our farm women of California won't say so. But they are! Up at black dawn. Putting on the uniform of WORK... khaki or blue denim—copper riveted. Hair in a bright bandana. Complexion by Nature—the great cosmetician.

Mothers and daughters working the acres on the home place. Brothers and cousins and neighbor boys off to war. Soil to be turned, seeds to be sown and crops to be harvested. And there are always the house to tend and meals to prepare.

That's the California farm today. Sun-up till the last chore is done. The job is BIG. Food for Freedom. Fighting food for fighting men. Food for Health for a Nation at War. The pay is BIG. It is pay in Satisfaction of a job well done. It is pay in Pride that swells the heart—big as all Humanity. It is pay in filling the bellies of Liberty Ships. It is pay when a tired, stubble faced boy grins and says, "Hot diggity—California peaches!"

Such are our smart, modern women on the farms of California. They watch sun-up brighten the skies and see there the promise of America at Peace. They see ahead the new developments which will add to the comforts and conveniences and labor-saving devices now in their homes and on their farms. And waiting for Peace are television, marvels in new lighting, wonders in glass and plastics. California will have a great share of these things, you may be sure.

## Sergeant-at-Arms

Vincent Barsi, sergeant-at-arms, today released the names of his committee members. They had not been approved by the executive board, Friday.

Those up for membership on the committee include: Barbara Blecher, Carol Bryant, Helen Capps, Al Chelone, Beverly Clement, Bud Fellows, Bill Freeman, Eugene Ghilarducci, Leslie Greig, Walter Hughes, Dave Johnson, Clayton Kollmann, John Mosman, Don Nelson, Gwendolyn Stegeman, Lyle VanDerWerff and Bill Wright.

## Air Raid

Congratulations to R. L. Gray, faculty chairman of the committee on defense, for his work in a realistic air raid drill, Wednesday, February 3. Also receiving praise was his assistant, John Harville, faculty member.

The practice raid was simulated by high explosive bombs and incendiaries, placed at various points throughout the school.

John Foreman, Ronald Rowe, Don Russell, Ernest Day, of Gray's chemistry class, prepared the imitation bombs.

The first aid squads of the high school were also called into action as casualties were reported.

## New Class

For the benefit of boys and girls who plan on joining the service upon graduation, a new class in mathematics has been started. This class reviews mathematics and simple arithmetic.

To be eligible for this refresher course you must be a junior or senior and have completed at least six months of advanced algebra.

Twenty students, including two girls, have already enrolled in this new pre-induction class. It is instructed by Martin Van Waynen.

This course is sponsored by the Training division, Bureau of Naval personnel of the Navy.

## Executive Board

First board meeting of the new officers at Jeff, was held, last Tuesday. The group met at 8 p. m. in the student body office.

Ken Hatt, junior president, made the suggestion of holding a junior prom this term. Further discussions will be held at a later meeting.

Ralph Capps, student body president, presented his plan for a skit rally for the purpose of stepping up the sale of student body cards.

Court members will be brought before the board for approval in the near future.

## Photography

Harville, photography instructor, and his class are receiving the "thank you's" of the Jr. AWVS for their fine work on the War scrap book to be entered into a national contest, this week. His class, for the past four weeks has been busy taking action and still shots of Jefferson's various activities being carried on to help Uncle Sam. In all over sixty pictures were taken and developed.

By the way—have you seen that book? Well, it is really something to be very proud of! It tells in picture and story form that Jeff has its sleeves rolled up and is in their working for victory.

## Feudin'

The Martins' and the Coys' long celebrated feud is nothing compared to the one of the Jeff boys and Jeff girls. Yes sir, Old Martin would hide his head in shame!

It's a long story, but to make it short and sweet, the boys got G I hair cuts, which cut down their beauty allure, so the girls went one better, came to school without make-up and in the sloppiest clothes you ever did see.

The girls' reasoning is—if the boys are going to make themselves look "simply awful" (as one lovely damsel so politely put it) well, we will make ourselves look just as un-alluring.

## Essay

Before the student assembly, Thursday, four students read their essays on Lincoln. This contest is held each year among the U. S. history students. The winner gets his name engraved on the Lincoln plaque.

The plaque was presented by Arthur J. Bodien, several years ago, to the students.

Winner of the contest was Robert Johnson. His essay was "What Abraham Lincoln Means To Me." Second place went to Lenore Ross, "A Great Man To Remember."

Runners-up with honorable mention were: Vada Willingham, "Abraham Lincoln," and Richard Kronecke, "Tribute to Lincoln."

## Ship 101 Takes To Water, Feb. 7

### Announce Charter Members Of Group

On Sunday, February 7, Ship 101 took to water, not exactly like ducks, but rather cautious and curious, with plenty of enthusiasm. Although it threatened rain, 12 hardy Sea Scout rookies and their leader displayed determination to become experienced seamen by donning their rain clothes and scrambling over to Sea Scout base at Aquatic park as planned. Fortunately the rain held off for most of the day.

Although just a green gang, they were given splendid cooperation at the S. S. base. The mate of the SSS Corsair loaned the boys a whale boat to work out in. Skipper Eberling of the SSS Dolphin spent a couple of hours giving them some good pointers on rowing and handling small boats. Splendid progress was made and it really looks like Ship 101 has the material for a first class ship. As Cox'n Parmisano says, "We're going to build a tradition for the 'Raven' that will make Daly City proud of us!"

Those present included: Skipper Frank Coughlin, Mate Jim Coughlin and Coxswain Stanley Parmisano, Joe Collins, Bob Rode, Don Winters, Joe Powers, Bill Nassano, Wally Coughlin, Bob Montana, Gerry Roots, Lou Valetta, and Bob Coughlin.

Registration of Daly City's newest Sea Scout Ship was formally completed, last week, with several last minute applicants being accepted just in time to be included as 'Charter members'. The complete roster is as follows: Joe Powers, Gerald Roots, Billy Nassano, Donald Winters, Louis Valetta, Robert Montana, Bob Rogers, Wally Coughlin, Joe Collins, Robert Rode (crew leader), Stanley Parmisano (crew leader), Jim Coughlin, yeoman; Henry Steele, associate member (in merchant marine); William Bellando, mate, associate member (in Navy); Wallace Bellando, associate member (in Army); Carl Bailey, associate member (in Navy).

Sea Scouting is very fortunate in having two men at San Francisco headquarters deeply interested in Sea Scouting, according to Coughlin. Both can be seen almost any Saturday at S. S. Base in dungarees, working on ships, placing moorings in the harbour, instructing Skippers and Sea Scouts. And Daly City is fortunate because both these men have chosen to live here. Dean Fields lives at 74 West Cavour street and William Kinney lives at 1276 Brunswick street.

"As there is a shortage of uniform material today, it would be greatly appreciated if any used

Sea Scout or Scout uniforms lying around (feeding moths) would be turned in, so we could fix them up and re-issue them to needy scouts and Sea Scouts. Anyone having uniforms to donate or sell please contact Skipper Coughlin at 443 Irvington street (Delaware 7929), Coughlin announced.

"Ship 101 would appreciate the temporary loan of some empty store or similar space, where a 'Land ship' can be set up (for explanation ask any Sea scout). No attachment or alterations would be made, and utmost care would be given to the place. Here we would hold Sea Scout training, ceremonies and meetings. Possibly it could be arranged to set up an emergency first aid station there too, as the members of Ship 101 are all advanced first aiders, in fact the C. D. Ambulance Crew No. 5 and First aid Crew No. 6 are all members of our ship. Boys trained in the Sea Scouts are in great demand by the U. S. Navy, so when you help Sea Scouts in any manner you are really helping Uncle Sam get better trained men for the Navy," Coughlin concluded.

At present ship meetings are being held at 443 Irvington street. Any boy over 15 interested in Sea scouting, may contact either Coughlin or E. Nahapiet of Ship 133, at 251 Crocker avenue, Delaware 10009.

crease in taxpayers necessitated by wartime high employment and wartime low tax exemptions. So people who file early will be doing

themselves a favor, as well as making a real contribution to the smooth working of the nation's tax machinery. Blanks are ready now and may be obtained from all local Internal Revenue offices, as well as most banks and real estate and insurance offices.

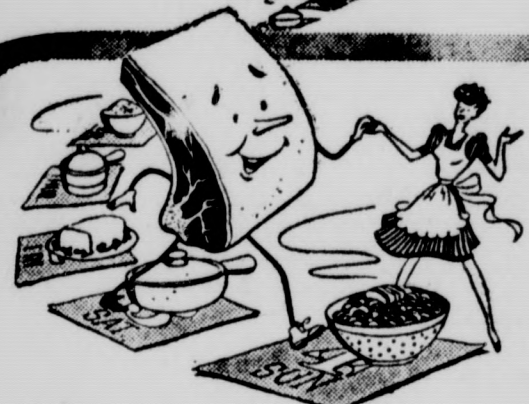

To aid Daly City taxpayers with filling out their blanks correctly, a representative of the Internal Revenue office will be stationed at the Daly City branch, Bank of America, 6298 Mission street, February 25 and 26, from 10 a. m. to 3 p. m. each day.

A simplified form, 1040-A, is available to the taxpayers who earned \$3,000 or less in 1942. It is said that this form can be filled out in five minutes or less. This year the return does not even have to be notarized. Those who earned \$3,000 or more in 1942 will use Form 1040.

## Ways to Make Your Meat Go Farther

Making that quota of meat stretch to take care of all those meals is a new experience for most homemakers. At first it may seem like quite a problem. But when you consider that there are so many ways to make that portion of meat go a little further without loss of taste appeal or sacrifice of nourishment, then it doesn't seem to be such a problem after all.

**Supplementing Meats** with other protein foods is one of the easiest ways of adhering to the quota. Try serving a half a portion of meat, and adding some other protein food such as cheese, eggs, beans, whole grain cereals, pastes or nuts. Nutritionally speaking, you've sacrificed nothing. As for satisfyingly good meals, your family will welcome the change.

**MEAT SHORTCAKE**—Combine small pieces of precooked meat, any kind is right, in gravy made from drippings or in a cream sauce that has been spiked with a dash of meat sauce. Serve it over piping hot biscuits made from enriched flour. Try it over mashed or baked potatoes or steamed rice, too. It's a way to stretch a little bit of meat a long, long way. And to make the meat go still further, add grated or cubed cheese or chopped, hard-cooked eggs to the sauce. It's got lip-smacking goodness.

**PASTES TO THE RESCUE**—Combine meats with noodles, spaghetti, macaroni, or one of the other pastes in casserole dishes to make a little go a long way. Any kind of meat including vitamin-rich liver, heart and kidney can be used.

**CHILI**—No doubt about it, chili is a hearty dish. If you've been used to making it using only beef as the meat, then change your style and use any of the other meats or fowl that are available. Not much is needed because the beans contribute a share of the protein.

**RICE CASSEROLES**—A little meat goes twice as far when fixed in rice dishes. Cheese, rice and meat are a happy combination, and there's rib-sticking qualities there, too.

**THE SOUP POT**—Grandmother had one on the stove all the time. Into it went every bone, meat trimming or stray piece of leftover meat. The result was a rich soup stock. Try it. It's a meat conservation idea that will carry your family meat program through another day at least. For body, toss in a few beans, vegetables or noodles. Or make the soup with dumplings. It will turn out to be a main course soup hearty enough to supply that needed energy.

## Let's get acquainted with the UNRATED MEATS

by Dorothy Greig

This hot savory pie features an unrated meat—sweetbreads—as its chief ingredient.

**WHOOPS!** my dear! we're rationed on our old standbys—beef, lamb, pork, veal and mutton. It's generous—2½ pounds per person a week. Even so, it's a good time to eat more fish and poultry—and particularly to become better acquainted with the unrated meats—liver, tongue, kidneys, sweetbreads, tripe and so on.

These variety meats are every bit as nutritious as the larger cuts. In fact, some of them are richer in vitamin B. And as for flavor—well, we've been missing something all these years.

Perhaps we haven't used them as much as we might because we were unfamiliar with ways of cooking them. There's nothing difficult about that. For instance, don't we all enjoy hot meat pies. Well, here's the recipe for one made of sweetbreads and mushrooms with an extra flavor note of chicken. The chicken flavor comes from using that new and improved condensed chicken noodle soup for the gravy. Then we top it all with a featherlight biscuit crust—and my! it's good!

**Sweetbreads and Mushroom Pie**  
To prepare sweetbreads and mushrooms—

1 pound sweetbreads  
½ pound fresh mushrooms  
2 tablespoons butter

Put sweetbreads in ice water for 20 minutes. Drain, plunge into 2 quarts of boiling water to which 2 tablespoons vinegar and 2 teaspoons salt have been added. Cover and simmer for 30 minutes. Lift out sweetbreads and plunge into ice water again. Drain, separate sweetbreads and carefully remove fat and thick connective tissues. Break into pieces. Slice the mushrooms and cook in 2 tablespoons melted butter until tender.

4 tablespoons butter  
5 tablespoons flour  
2 cans new and improved condensed chicken noodle soup  
2 cups milk  
¾ cup light cream  
1 teaspoon salt  
¼ teaspoon pepper  
Biscuit crust for top

Melt the butter, then add flour. Strain the soup just as it comes from the can. To the butter and flour add liquid from the soup, milk and cream and cook until thickened. Then add noodles and chicken (strained from soup), sweetbreads, mushrooms and seasonings. Put all into meat pie dish or casserole, cover with biscuit crust and bake in a hot oven (425°F) for 15 to 20 minutes. Serves 6.

Liver is another of the variety meats. Most people just fry liver and let it go at that. But you try it this way sometime:

**Liver Sauté with Tomato Bacon Sauce**

4 tablespoons bacon fat  
3 tablespoons flour  
1½ pounds liver  
½ cup chopped onion  
1 can new and improved condensed tomato soup  
1 can water  
1½ tablespoons brown sugar  
2 teaspoons vinegar  
¼ teaspoon cinnamon  
Sprinkling of ground cloves  
¼ teaspoon salt  
Pinch of pepper  
3 slices crisp bacon, chopped

Dredge the liver in flour, then brown in the hot bacon fat. Add chopped onion and cook until soft and yellow. Combine tomato soup, water, brown sugar, vinegar, spices and seasonings, heat to boiling and pour over the cooked liver in the skillet. Simmer slowly for ½ hour, then remove meat to hot platter. Add chopped bacon to sauce and cook until about the consistency of medium cream sauce. Serve the sauce over the liver. Serves 6 to 8.

## Sensational Duo-Pianists To Present Concert At Curran, Sunday, February 21

Pierre Luboshutz and Genia Nemonoff, two sensational duo-pianists who have been appearing as guest artists of the nation's leading symphony orchestras and playing to capacity houses, will be the next attraction of the San Francisco Opera association at the Curran theatre, Sunday afternoon, February 21.

In private life, these artists are Mr. and Mrs. Luboshutz, their romance dating from the day that Miss Nemonoff enrolled in his master class in Paris. It was shortly after their marriage that they embarked on a concert career that took them all over Europe and then to practically all of the music centers of the world.

Both came from families of musicians. On Luboshutz' side, his grandfather was an opera singer, his father a violinist and his two sisters played the violin and cello. Miss Nemonoff's father was an opera singer and her mother a pianist. She made her debut in Paris with the brilliant cellist Pablo Cassals and shortly afterwards, toured Europe.

"The secret of good duo-piano playing is that it must sound like the performance of a single artist," Luboshutz said.

Tickets for the concert are now

on sale at the opera box office, Sherman, Clay and company, EX-brook 8585.

Mrs. Adele Hanelt, 328 Winchester street, daytime senior warden in charge of organizing block mothers for Daly City, today, expressed her wish to clarify the duties of holding down such a job.
